Climb the TALENTS Stairs; Develop Leadership Potential

All TALENTS Leadership Academies have been evaluated at 4.5 or higher (on a 5.0 scale).

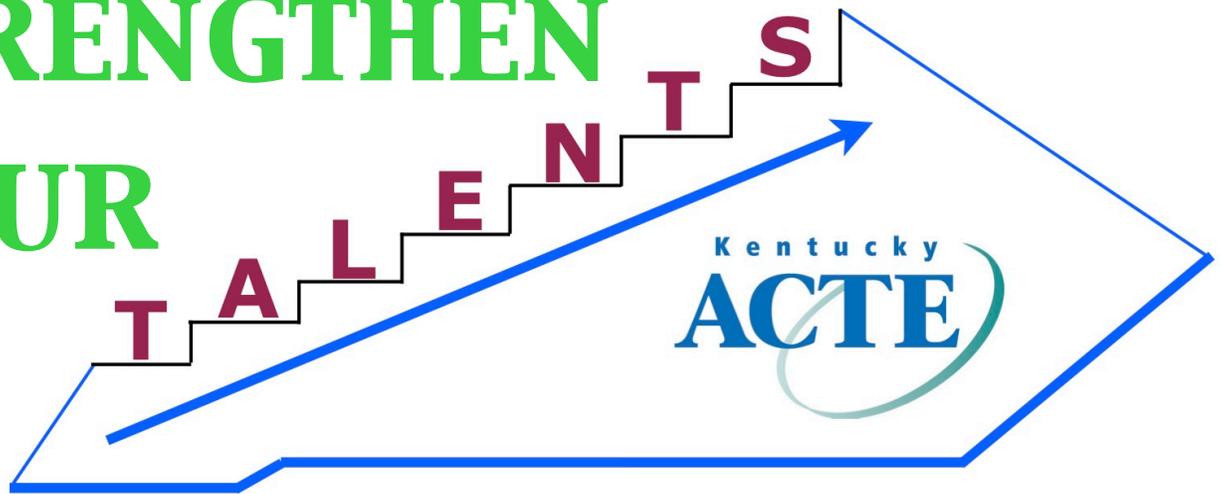

TALENTS Leadership Academy graduates now serve in leadership roles at their schools, in their communities, with their professional associations, and at the Kentucky Department of Education Office of Career and Technical Education.

“I really enjoyed our Strengths Finders (2.0) lesson during the first TALENTS session; therefore, I have decided to do a research project incorporating Strengths Finders into my classroom. My end goal is to use the research and data from my classroom to share with other teachers in hopes that helping students understand their strengths (and) help them be more successful in the classroom.”

Campbell County High School**

The **TALENTS Leadership Academy** is a presentation of the Kentucky Association for Career and Technical Education (KACTE), which has as its mission to develop and provide leadership and advocacy to advance Career and Technical Education.
